23 March 2020

Dear Customers

By now, it is clear and obvious that COVID-19 is well established and will be with us for some time.

At Watsons Meat we recognise that this pandemic is first and foremost a human issue and we are doing everything within our power to minimise the spread and impact of the disease.

Over the past few days we have activated our business continuity plans, increased staff awareness campaigns and added extra hygiene facilities.

We also have our delivery staff equipped with masks and gloves that they must wear at all times. Each delivery vehicle is equipped with disinfectant.

Kobus Watson
